Thomson, Rogers  
Barristers & Solicitors  
Suite 3100-390 Bay Street  
Toronto, Ontario M5H 1W2

Dear David and Deanna:

**SUBJECT: BIAN Conference: "A Hero's Journey: Trauma, Transitions and Thriving" - October 21, 2010**

---

On behalf of our members, staff and Board of Directors for the Brain Injury Association of Niagara please accept our thanks and appreciation for taking the time from your busy schedule to present at our annual conference. Also, please convey our sincere thanks to Thomson, Rogers for the ongoing support of our association, and in acknowledgment of your corporate premium contribution of \$8,000 that maximized our efforts to make this conference inclusive for individuals with brain injury and their families and caregivers at a subsidized rate, and sponsorship for our two featured keynotes: Dr. Abe Sniderman and Lois McElravy, along with ensuring the overall quality of the conference.

Once again, thank you for your co-presentation that incorporated valuable insights with respect to the overview of the Statutory Accident Benefits Schedule with respect to the Accident Benefit Changes post September 1, 2010, and Guardianship Rights.

We consider it an honour and a privilege to have been able to include each of you in our stellar cast of presenters, and in acknowledgement of your dynamic joint presentation. Thanks to your combined efforts, in conjunction with Thomson, Rogers, our conference was a tremendous success. Thanks again for your ongoing support of our association.

Yours truly,

Pat Dracup
