Mr. Pileggi
Thomson Rogers
Senior Law Clerk
390 Bay St., Suite 3100
Toronto, ON, M5H 1W2

Dear Mr. Pileggi,

This letter officially recognizes Thomson Rogers as a Community Partner within the Community-University Research Alliance (CURA) to Promote Physical Activity in the Spinal Cord Injury Community. Our mission is to develop and mobilize programs that inform, teach and enable people living with SCI to initiate and maintain a physically active lifestyle. The CURA synergizes the expertise of university-based, world-class researchers with the front-line experience of community-based SCI knowledge mobilization experts, service groups, organizations and consumers. Our initiatives are supported by a 5-year, \$1 million grant from the Social Sciences and Humanities Research Council of Canada (SSHRC), and over \$1 million in cash and in-kind support from our university and community partners. As a CURA Community Partner, your organization will have access to a network of researchers, community groups and consumers with the common interest of physical activity promotion among people living with SCI. A complete list of Community Partner roles and responsibilities are listed in the attached document. These include contributing expertise, and delivering information through your organizational networks.

If you have any questions or ideas regarding the CURA, please contact me at martink@mcmaster.ca or 905-525-9140 x23574. Also, please note that SSHRC has also been notified of your involvement and may contact you to confirm your participation. Once again, I thank you very much for participation and I look forward to working with you.

Sincerely,

A handwritten signature in blue ink that reads "Kathleen A. Martin Ginis".

Kathleen A. Martin Ginis Ph.D.
Associate Professor
Research Lead and Principal Investigator, Community-University Research Alliance
