

KATIE MUIRHEAD

Advocacy Specialist, Ontario Brain Injury Association (OBIA)

Katie Muirhead is the Advocacy Specialist with the Ontario Brain Injury Association (OBIA). Within her role, she works with those affected by an ABI assisting them with access to services, medical, legal, and funding sources as well as acts as a mediator between service providers and the client as needed. Katie has a background working with the developmental, mental health and ABI service sectors in different capacities across the lifespan. She brings experience as a behaviour therapist, rehabilitation therapist, and instructor therapist to her current role and strives to raise awareness about ABI through education and information sharing opportunities and presentations.
