

NICK GUREVICH

Co-founder & Executive Director, Functionability Rehabilitation Services

Nick Gurevich is the co-founder and Executive Director of FunctionAbility Rehabilitation Services, an accredited community-based rehabilitation practice. In this capacity he oversees operations and sets the strategic direction of the company. Nick is a founding member and current Chair of the Ontario Rehab Alliance, an association dedicated to the representation of the interests of private providers of healthcare services in Ontario. Nick is also a Member of the Finance Committee of the Board of Directors of the Ontario Society of Occupational Therapists (OSOT). He is the former Chair of the Board of Directors of the Brain Injury Society of Toronto (BIST) and former Member of the ABI Network Advisory Board. In the community Nick is involved with the Hospital for Sick Children Leaders Program and assists in fund-raising activities of St. Michael's Hospital and Brain Injury Society of Toronto.
